PROFILE SUMMARY

- Experience in designing, developing, and maintaining web applications.
- Experienced as a Full Stack Developer at Infotrixs Private limited showcasing proficiency in MERN Stack , leading to successful project outcomes. Developed Event Management system in collaboration with 6 developers.
- Proficient in both frontend and backend technologies also in Product Design , database management, API development.

EDUCATION

- **Bachelor's in Information Technology (2025)** MMCOE ,Karvenagar   **- SGPA - 8.81**
- **HSC (2021)** Mahatma Gandhi Junior college , Manchar   **- Percentage : 89%**
- **SSC (2019)** Vidhya Vikas Mandir , Awasari BK   **- Percentage : 92%**

EXPERIENCE

Full Stack development Intern **(Infotrix Private Limited)**

- Gained valuable knowledge in web development technologies, including MERN Stack
- Designed full stack event management system collaborating with team of 6 developers

PROJECTS

- **Natura-farm**

  Description: This project involves designing and developing a fully functional live website which solves the problem of relationship between customer and owner while providing an excellent user experience for both potential and existing customers. **Technologies Used:** React.js , Tailwind CSS , Framer Motion , Firebase
  GitHub Repository link: https://github.com/shubhamdhobale/natura-farm.git

- **E-store**
  Description : One-stop online shop for all essential daily use items, conveniently delivered.
  Technologies Used: React.js , Tailwind CSS , Framer Motion , Firebase

- **Kisaan App**
  Purpose: Plant disease detection and healthcare for farmers. Early diagnosis of plant diseases Timely healthcare recommendations

  Technologies Used: React Native, TensorFlow ,Firebase, Image Processing and Machine Learning

TECHNICAL SKILLS

- **Frontend Technologies :** HTML5 , CSS3 , Bootstrap, Tailwind , javascript , React.js , Next.js.
- **Backend Technologies :** Node.js , Express.js , appwrite , firebase
- **Database :** MongoDB , MySQL
- **Version Control :** Git & GitHub
- **Other :** Operating System , DBMS , Project Management , CNS ,OOPs , DSA

CERTIFICATIONS

- **MERN Developer by Coding Ninjas**   **AWS Academy Cloud Foundations**
- **Working with dependencies (NodeJs) - Microsoft**

STRENTGH

- Problem Solving & debugging   Strong Communication Skills   Team Collaboration

ACHIEVEMENTS

- 250+ problem solved on Leetcode and various platform.
- Runner up in 2023 HackSprint 2.0
